

Name _____

Make a plan. Make a map.

"Do you know what to do if there is a fire?"

Let's test what you know!

1. Are you fast? Can you get out of your home in 2 minutes or less?

- Yes No

2. Can you get low and go and crawl on your hands and knees?

- Yes No

Let's talk about how to escape a fire

1. Do you know two ways to get out of your home in the night?

Yes No

2. Do you have a safe meeting place outside the house?

Yes No

Now, show your answers to a grown-up. Talk about your safe meeting place too!

Draw your safe meeting place here!

My safe meeting place is: _____

Parents

2 times
per year

Practice your escape plan as a family two times a year. Practice on the first and last days of school, or at New Year's and the Fourth of July.

PRACTICE

at night

Practice your family escape plan at night. Young children may not wake up to the sound of smoke alarms. So adults should practice helping children get to safety when an alarm goes off at night.
